

the WORKS

NO LIMIT SECURE & SEAL

From a.b.e. comes a new product that secures and seals virtually everything in both wet and dry conditions. the Works has so many uses that it's almost hard to believe. This product is what every DIY enthusiast has been waiting for to fix, maintain and construct; secure and seal metal, brick, tile, wood and plastic.

the Works...
 ...works quickly to save time curing with no need for added fixings

...works in any weather conditions
 ...works on synthetic materials
 ...works with no shrinkage or staining
 ...works in a range of colours and it is paintable
 ...works to resist mould and UV light

...works all-ways
 ...works HARD!

Find this product at most hardware stores.
