abe.® proof liquid membrane system

HOUSE WELGEMOED, WATERPROOFING OF BALCONIES

PROJECT LOCATION

Cape Town

SIZE OF PROJECT

66 m²

NATURE OF PROJECT

Existing torch-on was removed because of vapour entrapment. **abe.®proof liquid membrane** was used on the balconies. **abe.®proof liquid membrane** is seamless, highly elastic and durable offering good tensile resistance and fast curing to assist regular foot traffic. Quick turn-around time in simplicity of application makes it economical with no fabric reinforcement required. **abe.®proof liquid membrane** liquid membrane system was covered with synthetic grass.
