# abe.®cote 400 Hi-build

## HAIRDRESSING SALON, EPOXY FLOOR

### PROJECT LOCATION

East London, Eastern Cape

### SIZE OF PROJECT

60 m<sup>2</sup>

### NATURE OF PROJECT

Hi-build epoxy floor coating required for existing hairdresser.

**abe.®cote 400 Hi-build** is an economical four component, solvent free epoxy flooring system comprising a clear resin and hardener, pre-packed filler and a ready-for-use pigment paste. Used as a binder for abrasive grit to yield non-slip floor finishes. Good protective qualities, resistance to chemicals. Reduces maintenance. Can be applied onto a variety of surfaces and are seamless and hygienic.

### OTHER PRODUCTS USED

Unknown
