

SAINT-GOBAIN

a.b.e.® Construction Chemicals (Pty Ltd)

PRODUCT SOLUTIONS

FLOORING

INNOVATIVE CONSTRUCTION CHEMICAL
SOLUTIONS FOR THE BUILT
ENVIRONMENT

- GENERAL CONSTRUCTION
- FLOORING
- SILICONES, SEALANTS & ADHESIVES
- WATERPROOFING
- CONCRETE REPAIR & PROTECTION
- HIGH PERFORMANCE COATING SOLUTIONS

DRY SHAKES	Surface hardener	High abrasion resistance, metallic	Cementitious	abe.®plate
		High abrasion resistance, natural		abe.®cron
		High abrasion resistance, natural, level assist, dustless		abe.®cron LA
COATINGS	Light duty applications	Sealer, enhance performance/finish	Epoxy	abe.®cote 436
		Durable, damp substrate, water based		abe.®cote 337 tough epoxy paint
	Medium duty applications	Durable, decorative, enamel	Polyurethane	abe.®cote 320
		Hi-build, durable and decorative		abe.®cote 400 HB
		High abrasion resistance, natural		abe.®cote clear PUD
		Durable, hardwearing, decorative with clear gloss or clear matt finish		abe.®cote tough PU paint (clear)
		Decorative, chemical, UV and abrasion resistant		abe.®cote 441
	For cementitious systems	Sealer, moisture insensitive	Acrylic emulsion	abe.®seal finisol
	Heavy duty applications	Very high chemical resistance	Epoxy	abe.®cote SF 217
High chemical resistance, flexible, cold tar		abe.®cote SF 356		
SCREEDS	Floor repairs, light to medium duty	Flowable and hard wearing	Cementitious	abe.®rep 710
	Rapid fix mortar for patch repairs in concrete floors	Dustless, chloride free, fast setting 30 MPa in 28 days		abe.®rep FS
	Medium duty applications	Self-levelling, decorative, chemical resistance	Epoxy	abe.®flo
		Flexible, heat and chemical resistance	Polyurethane	abe.®flo HPU
	Heavy duty applications	Flexible, hard wearing, self-healing	Bitumen	abe.®co mastic
		High strength and abrasion resistance	Cementitious	abe.®dur S
		Very high chemical resistance	Epoxy	abe.®cote SF 217
		High chemical resistance, cold tar		abe.®cote SF 356
		Chemical abrasion resistance, decorative		abe.®screed
		Self-smoothing	Self-levelling, flexible, heat and chemical resistance	Polyurethane
	Rapid hardening cement based screed for levelling floors where quick setting is essential.		Cementitious	abe.®screed SLCP FS
				abe.®screed SLCP
				abe.®screed SLCP 25
				abe.®screed SLCP 15
	Fast track overlay		abe.®screed dura.Top	

**OF PRODUCT QUALITY
AND INNOVATION**

DECORATIVE CONCRETE SOLUTIONS	Medium duty applications	Decorative, finishing, millimetric	Cementitious	CHRYSO® Béton Ciré Finishing
		Base coating for smoothing		CHRYSO® Béton Ciré Grip
		Textured, decorative, cementitious overlay		CHRYSO® Texture Top
		Polished or nano-etched. decorative, cementitious overlay		CHRYSO® Granicrete
		Luminescent concrete, LuminTech®		CHRYSO® Lumin P+
		Decorative carved concrete		CHRYSO® VerticArt
		General purpose white Portland cement (CEM II/B-L 42,5N)		abe®CEM-blanc
CASE HARDENING	Anti-dusting	Case hardened, tough surface, chemical bonding	Silicate solution	CHRYSO® Conseal
ADHESIVES	Screeds	Wet-to-dry bonding, excellent adhesion	Epoxy	epidermix 116
	Screed adhesive	Improves adhesion and strength	Resin polymer	dura.latex
	Bitumen screed and coating	Versatile screed	Bitumen	flintkote 3 abe®co mastic
PRIMERS	For steel	Anti-corrosive, single pack	Epoxy	abe®cote 384
	For steel and other porous surfaces	Primer and undercoat		abe®cote 386
	For epoxy flooring systems	General purpose, solvent free, chemical resistant		abe®cote primer
	For green concrete	Curing, sealing and primer		abe®prime GCP
	For cementitious systems	Sealing and adhesion	Acrylic emulsion	abe®prime SLC acrylic primer
	For abe®screed and abe®flo HPU systems	Adhesion, pore sealer and moisture barrier	Polyurethane	PU/HPU Primer
COVING/WALL RENDER	Heavy duty coving and wall render	Chemical resistance, high/low temperature	Polyurethane	abe®screed PU CG
CURING	Concrete curing	ASTM C309 curing compound	Solvent based	dura.cure SBC
CLEANING AGENT	Cleaning Agent	Commercial Grade	Medium alkaline, degreasing detergent cleaner	abe®floor cleaning agent CG
