### super laykold® tape

Bitumen aluminium self-adhesive waterproofing tape (peel and stick) for roof screws, overlaps, flashings, gutters and downpipes.

2.5 m x 50 mm  
2.5 m x 75 mm  
2.5 m x 100 mm  
2.5 m x 150 mm

### abe® peel & stick membrane

A under tile, self-adhesive waterproofing membrane comprising of a unique ethylene polymer modified bitumen.

#### Benefits:

- Highly flexible membrane
- Easy to apply
- Measure, cut, peel and stick
- Absorbs limited movement
- Excellent adhesion to most primed substrates
- Quick turnaround time

### silvakote® eco

High performance solar reflective elastomeric coating for exposed concrete and metal roofs.

#### Benefits:

- Brilliant aluminium finish, no streaking
- Excellent solar reflectance, protecting both liquid and felt systems
- Eliminates "cracking or crazing" problems
- Non-hazardous
- Non-flammable

### bituseal® plastic

Hydrocarbon solvent based, asbestos-free, reinforced bituminous mastic.

#### Benefits:

- Economical waterproofing compound
- Easy to apply
- May be over-coated

### bidim® flashpack

Non-woven, continuous filament, needle-punched, polyester geotextile. Ideal for paving, garden paths, subsoil drains, roof gardens & window boxes

#### Benefits:

- High strength
- High conformability
- Paving
- Garden paths
- Subsoil drains
- Roof gardens & window boxes

### duraflex® The original and only

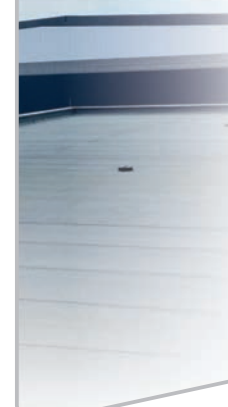

Two part cementitious slurry. Effective on negative and positive side

#### Benefits:

- Offer a high bond strength
- Protection & repair of balconies
- Waterproofing of showers
- Can be painted & covered with tiles
- Can be applied for damp proofing

### abedex® torch-on 4 mm torch applied waterproofing membrane system

#### Benefits:

- Single reinforced waterproofing torch-on membrane
- Use in both refurbishment and new building works
- Waterproofing sloping, flat, vertical and curved surfaces
- Can be used on different types of substrates
- Use an experienced applicator to install
- Prime and seal with bituprime and protect from UV with silvakote®

#### PRIME 1

#### COVER 2

#### PROTECT 3
