Anti-rust

Why choose 4-metal DTM?

Outstanding Corrosion Protection

- ISO 12944-6 rated for C3 (High) and C4 (Medium) environments
- Up to 10 - 15 years of protection

Superior adhesion & durability

- Bonds to mild steel, galvanized steel, aluminium, and stainless steel

Quick & Easy Application

- Brush, roller, or spray—straight from the tin
- Touch dry in 30 minutes | Hard dry in 2 hours

Eco-Friendly & Low Odour

- Water-based formula with easy clean-up

Weather & UV Resistant

- Ideal for both interior and exterior use

TYPICAL PHYSICAL PROPERTIES

Accelerated Weather Test	1000 hours
Viscosity	2000 cP
Chemical resistance to	Acetic Acid
	Dilute acids & alkalis
	Household chemicals

Coverage & Application

Product	SKU Code
Prime Coat	10 mℓ/ℓ @ 100 microns WFT
Top Coat	5 mℓ/ℓ @ 200 microns WFT
Total System	5 mℓ/ℓ @ 200 microns WFT

Before

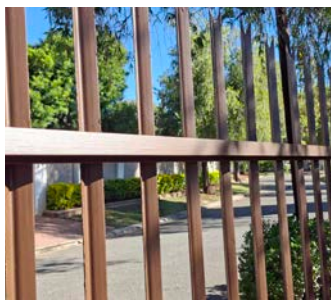

Surface Prep

Application

After

Colours

Finish

Semi-matt, smooth

Packaging

1ℓ & 5ℓ buckets.

Product	SKU Code	Pack Size	EAN Code
Black	32472	1ℓ	6009713350512
	32475	5ℓ	6009713350529
Red	30809	1ℓ	6009713350536
	30810	5ℓ	6009713350543
Grey	30811	1ℓ	6009713350550
	30812	5ℓ	6009713350567
White	32473	1ℓ	6009713350499
	32474	5ℓ	6009713350505

Protect it the a.b.e.® way

Whether you're protecting industrial structures or home fixtures, **4-metal DTM**

delivers professional-grade results with minimal effort.
